Circular No: 004 / 22.08.2017

To: Maritime Lloyd Authorized Surveyors

Dated: 22.08.2017

Subject: A new Concentrated Inspection Campaign Paris/Tokyo/Black Sea MOU (CIC) on safety navigation SOLAS CH. V incl. ECDIS

Dear All,

Paris/Tokyo/Black Sea MOU are launching a new Concentrated Inspection Campaign (CIC) based on Safety of Navigation, SOLAS Chapter V including ECDIS.

The purpose of this CIC is to ensure that ships comply with the requirements for new equipment such as ECDIS, as well as to ensure that the Master and Watch Keeping Officers are familiar with this equipment. Moreover, proper operation of navigation equipment is to be checked as well as crew familiarization with safety procedures such as emergency operation of steering gear.

Consequently, as from 1st September 2017 till 30th November 2017, all vessels may be subject to an additional check by PSC.

In order to assist ship's staff for this CIC, a Check List to help Masters, Designated Persons Ashore and crew has been prepared (see Annex) to prevent vessels from being delayed or detained by Port State Control Officer(s).

The ships must comply with all applicable International Conventions at all time
